

INFORMATION FOR 2026 ENROLMENTS

Dear Parents,

We welcome you and your child to Olympic Avenue Kindergarten (OAK). We trust that your child will feel happy and secure in our kindergarten environment and enjoy all the wonderful opportunities we provide to grow and develop. We hope that you too will enjoy a fulfilling association with the kindergarten and we invite you to participate in the many activities which are open to parents.

This document has been prepared to provide the information needed for your understanding of the kindergarten and your participation. OAK is a community operated kindergarten, welcoming and encouraging the involvement of families. A Committee of Management, made up of parents, works with the staff to ensure that the kinder operates smoothly and effectively.

If you have any questions, or require further information, please don't hesitate to talk to your child's Educator or a Committee Member.

We look forward to your family joining us at OAK in 2026.

Our Philosophy

OAK acknowledges the people of the Kulin Nation, the traditional custodians of the land on which we come together to learn through play. We pay our respects to their Elders, past and present. We respect and celebrate our indigenous heritage.

OAK is committed to providing a child safe environment where children are safe and feel safe, and their voices are heard about decisions that affect their lives. Particular attention will be paid to the cultural safety of Aboriginal children and children from culturally and/or linguistically diverse backgrounds, as well as the safety of children with a disability.

OAK provides a nurturing, secure and stimulating play-based program that is guided by the Victorian Early Years Learning and Development Framework (2016), the Early Years Learning Framework (2009) and the National Quality Framework (2018).

We believe:

- In the importance for children to develop a sense of belonging.
- That children are individuals and should be valued for their individuality.
- That children achieve better outcomes when we have high expectations of them.
- In equity and diversity, in that all children deserve to access and participate in all parts of the kindergarten program with other children.
- That every child has the right to learn and develop.
- That all children, families, educators and the Committee have the right to be respected. We promote acceptance and respect for each other's different skills, abilities and cultures.
- That families are respected as their child's first teachers. We value shared decision making and active participation and welcome family involvement.
- In the importance of children making connections with the natural environment and we promote sustainability as part of our everyday practice.

An additional day is offered on a Friday to 3yo and 4yo families at an additional cost. These sessions usually start in Week 2 of term one. Additional day classes will only run if there is sufficient demand. Enrolment into these groups is via a ballot system. As this is outside the funded program there is a term fee to attend the additional day classes.

We have a Social/Fundraising Committee, who organise many different activities such as group coffees/dinners, a welcome event, and a social/fundraising night for parents. Our parents also utilise Pennydale park for plays after the kinder session.
